Painting with Pastels	Soft Pastel is an exciting and very versatile painting medium used by many great painters such as Leonardo da Vinci, Mary Cassatt, Chardin, Degas, Manet and Renoir. Pastels produce rich colourful paintings with a strong intensity and luminosity. The brilliant colours allow a spontaneous approach and endless possibilities. In Pastel painting colours are mixed directly on the paper by overlaying and blending. As in oil painting, you will work from dark to light colours. This course is suitable for all levels from complete beginners to advanced and students will be guided step by step through their painting. You will learn about different pastel strokes, the importance of light and dark tones, warm and cool colours, composition and how to fix your paintings so that the Pastels do not rub off. In the beginning I will cover all the basic techniques of watercolour painting. Without an understanding of how colour works, you cannot produce a fresh, transparent and spontaneous painting. We will also look at composition, tonal values (lights and darks) and glazing and you will learn how to lay washes and work wet-into-wet. As students progress I will introduce more advanced techniques in watercolour.	Saturday	6:30 pm - 9:30 pm	660 AED for 4 consecutive weeks

Watercolour for all Levels	The chief characteristic of watercolour is its transparency and in 'pure' watercolour painting this is exploited to the full. Unlike the painter in oils who can lay lighter paint over dark tones, the water colourist must work through from the lightest tones to the darkest. It is the transparent pigment which gives pictures in watercolor the brilliance and sparkle which sets them apart from other styles of painting. This medium can be enjoyed by all abilities from Beginners to Advanced. You will be guided you step by step from still life or pictures, depending on preference.	Monday	9:30 am - 12:30 pm	660 AED for 4 consecutive weeks
Design on Canvas & Basic Acrylic Painting Techniques	This course will allow students both new to art or more experienced to express themselves in less conventional or restrictive forms. Students will learn how to apply acrylic paint in a variety of ways to create different effects which can then be enhanced with coloured liners, sequins, gold or silver leaf and textured or natural materials such as charcoal and sand. The options are endless and exciting enabling you to create individual and unique artworks. The ability to draw or to have had some previous art experience is not necessary. Students may also concentrate purely on acrylic painting if they wish.	Tuesday	9:30 am - 1:30 pm	880 AED for 4 consecutive weeks
