Pencil Drawing & Oil Painting - Adults

Description:

Pencil Drawing: Pencil drawing provides a more direct and intimate link to an artist's creative process than does painting. The ability to draw is the basis of all art, no one can paint or create without a good knowledge of pencil drawing.

Jivan will show you how to draw in pencil, from a simple line to portraits and figure studies.

Anyone can learn to draw and this course is suitable for all abilities both beginners and those more experienced artists and designers who wish to improve their drawing skills.

Oil Painting: Jivan is an accomplished oil painter who will guide you step by step, showing you a variety of techniques (composition, textures, colour-mixing) to develop your painting ability and enable you to express your ideas to create beautiful paintings.

It would be beneficial if students could bring in examples of source material (pictures, photographs etc) that they are interested in painting.

This course is suitable for all levels of ability, beginners welcome! Beginners will initially work with gouache to learn the basics of painting and then will progress to using oils.

Contact the tutor directly or Arts Reception to obtain a list of materials required.
