Design on Canvas (kids)

Description:

This course will allow students both new to art or more experienced to express themselves using less conventional media. Art can take many forms of expression. This course enables you to express yourself with acrylics using a variety of paint effects enhanced with gold or silver leaf, sequins, coloured liners and textured materials. The options are endless and exciting and you will be able to create unique pieces of art (that some may call abstract or design) on your selected size of canvas that will be your expression of art or design. That is a guarantee.

The ability to draw or to have had some previous art experience is not necessary.

Materials:

- Drawing pad
- 2B or B Pencil
- Putty rubber or soft normal white rubber
- Sharpener
- Canvas in varying sizes
- Liquid liner in a variety of colors
- Acrylic paints
- Acrylic brushes
- Different color, size and shape sequins
- Craft glue
- Gold or silver foil (dependent on design – up to student)

It is recommended that you wear old clothes or bring an apron as working with acrylic paint can get messy!

If students are unsure regarding materials it is recommended that you ask for guidance before purchasing. I am very happy to guide you in making your purchases from the Art shop which is on DUCTAC premises.
