Arts & Craft Activities for Kids (8 to 12 yrs)

Description:

This interesting and enjoyable course is designed to encourage creativity in your child and will introduce the principles of drawing and painting. It covers a range of creative activities such as painting photo frames, decorating pots and painting on fabric/T-shirts to produce beautiful works of art created by your young artist.

Students will paint from pictures using a step by step process and will be encouraged to go to the next level in their artistic creativity by learning different techniques and using textures in their painting.

As an alternative to painting on canvas, students may opt for the following activities. Note that Students can bring their own pot and photo frames (set of 2) and decorative materials or they can be purchased from the teacher as outlined below.

It is recommended that you wear old clothes and bring an apron or a baggy T-shirt to protect yourself as working with acrylic paint can get messy and will stain clothing. If students are unsure regarding the art materials it is recommended that you ask for guidance before purchasing, Reema will be pleased to advise you.
