PROGRAM METHODOLOGY

We at SUCCESS SATURDAYS, facilitate child in 5 stages: - **Awareness –Understanding- Experience-Reflection- Repetitions.**

Continuous experiences and opportunities to develop success skills and to reflect upon its effect show discernable changes in other areas of their life.

PROGRAM ACTIVITIES & OBJECTIVES

- Each session has 3/4 high energy, exciting activities designed on key concept of the day based on framework of **multiple intelligence** and HOTS(higher order thinking skills).It includes challenging games, group or paired projects, discussions, debates ,skits etc.
- Key concepts range from perseverance, open-mindedness (Habit of Mind), Decision making, problem solving (Thinking Skills), Team work, communication, feelings (Social Emotional skills) besides fundamental focus on self-belief and self-confidence.

PROGRAM BENEFITS

- Awareness of success skills and importance of its application in their day to day activities.
- Evolve their own strategies to apply these skills with understanding of his own strengths and qualities as after each activity child reflects on his own efforts/self.
- Most importantly, benefits of exposure to success skills spills over other areas, profoundly benefiting their personal & academic life.
- Development is an ongoing process and this program intends to add value to that process.
