Description:

This course is designed for students with no or little background of art. This course will cover the basic principles of design through drawing, painting, collage, and photography. Students will learn to look more closely at their surroundings and to overcome stereotypical ways of seeing. The main goals of this course are to develop an interest in artistic expression and give the students the knowledge and freedom to express themselves. All the works will be discussed in class, so students will know how to explain and talk about their work.

Course Objectives

By the end of this course students will be able to:

- express them selves creatively through art
- interpret works of art
- have full understanding of the basic principles of design
- will be able to create interesting works of art
